

# Environmental Policy

## Statement of Intent

### We endeavour to:

**Do the right thing** by playing a key role in addressing issues that are central to our business including our environmental impact, and

**Be a catalyst for change** by using our skills, voice and relationships to work with others and influence activities in order to bring about sustainable transformations including in our supply chain and have a lasting impact on the communities we operate in and beyond.

*PwC India seeks excellence in every aspect of our business and is committed to reducing the impact of our operations and business activities on the environment.*

### We will achieve this by:

- Measuring and taking action to reduce the carbon footprint of our business activities, including energy consumption pertaining to our facilities and business travel
- Managing waste generated from our business operations according to the principles of reduce, re-use and recycle
- Communicating the importance of environmental issues to our people and motivating them to embed environmental responsibility in our work culture
- Continuously improving our environmental performance in the areas of energy, waste, transportation and employee engagement
- Establishing environmental governance leadership and implementation teams

### In order to meet our policy objectives, we will:

- Commit to monitoring energy consumption on a regular basis and seek opportunities to reduce use of materials, energy, waste etc. through efficiency measures wherever possible
- Engage our people, service partners, suppliers and landlords and work together with them to promote improved environmental performance
- Create awareness campaigns for promoting good environmental practices around the office, and encourage office activities focussing on the environment
- Undertake the review of the Environmental Policy and Environmental Management Plan annually

*This environmental policy represents our general position on environmental issues, and the policies and practices we apply in conducting our business. We make sure we are compliant with all applicable local environmental laws and regulations.*

*The policy is accessible via the internal My PwC Portal <CR Page> and to other interested parties via our website (www.pwc.in) – and on request.*
