

Water, sanitation and hygiene (WASH)

Augmenting WASH facilities for students – Rajasthan

PwCIF worked with the NGO partner ensure that students across seven schools in Rajasthan get access to proper sanitation facilities and upgraded infrastructure that will contribute to their holistic development and provide an enabling ecosystem for their learning and growth.

The students were provided with child-friendly functional WASH facilities consisting of gender-segregated toilets with running water, handwashing units and safe drinking water. The collaboration also encouraged school management committees, skilled teachers and child cabinets to deliver and monitor the WASH initiatives.

Safe drinking water facility at Janki Public School, Rajasthan

Girls Glory: A school sanitation and hygiene project – Bengaluru

PwCIF PwCIF, along with its NGO partner, helped install gender-segregated toilets with running water in two schools, along with handwashing and waste collection and disposal facilities. The WASH facilities in the schools have provided the students with safe access and created a conducive learning environment for them.

Sensitisation sessions on menstruation

Development of school WASH infrastructure – Kolhapur, Maharashtra

PwCIF collaborated with its NGO partner in Maharashtra's Kolhapur district for modifying the infrastructure of the village school building that collapsed due to heavy rainfall. The school management bought a new building in the village and we supported through plastering, library flooring, constructing gender-segregated toilet blocks and providing other necessary provisions like chairs and tables. The construction of separate toilets will help in retaining girl students in the school once classes resume.

Separate toilet facility for girls and boys

Construction of gender-segregated WASH facilities – Jharkhand and Jodhpur

PwCIF collaborated with its NGO partner in Jharkhand's Khunti district and Rajasthan's Jodhpur and Pali districts for constructing gender-segregated sanitation units and functioning handwashing stations across 18 government and government-aided schools, benefiting over 4,000 students.

Construction and refurbishment of gender-segregated sanitation facilities, handwashing stations and drinking water facilities in 10 government and government-aided schools in Khunti, Jharkhand
